SWORD

A long time ago ...

Klovićevi dvori Gallery, May 18 – July 18, 2021

The exhibition took place in extraordinary circumstances for the Croatian History Museum, which is closed to the public due to the consequences of an earthquake from March 22 2020. Despite the inability to act in its own space, in the baroque Palace Vojković-Oršić-Kulmer-Rauch, Croatian History Museum through its public exhibition activities primarily seeks to justify its mission and proactively act in the direction of the realization of a permanent display until its renovation.

We would like to express our gratitude to the Klovićevi dvori Gallery for the provided exhibition space and collegial assistance and to all those who have contributed to the realization of the exhibition.

The exhibition and catalogue have been financed by the Ministry of Culture and Media of the Republic of Croatia and the City office for Culture, Zagreb.
